**STARPOINT TENANT SCREENING OFFERS TRANS UNION
TENANT CREDIT REPORTS**

*StarPoint Tenant Screening provides instant tenant credit scores powered by
Trans Union to property managers and landlords*

PENSACOLA, FL – November 18, 2010 – StarPoint Tenant Screening, an information services company that delivers tenant credit reports and tenant background screening reports to property managers and landlords nationwide is proud to be an accredited reseller for Trans Union credit data.

Evaluating a tenant applicant's credit report is found to greatly reduce the risks of accepting troublesome tenants and can alert property managers and landlords of potential payment problems before an applicant signs a lease.

StarPoint's credit report powered by Trans Union provides a FICO credit score, payment patterns and payment history, a public record search including tax liens, bankruptcies and judgments, a collection accounts search, SSN validation and includes the applicant's residence and employment information in accordance to what Trans Union has on file. The Trans Union tenant credit report is part of the complete screening menu that StarPoint provides property managers and landlords which includes criminal background searches, eviction searches, employment and previous landlord verifications and SSN verifications.

Property managers and individual landlords need only to fulfill a few simple requirements from StarPoint and Trans Union including compliance with the Fair Credit Reporting Act in order to be granted credit report access.
